## S U M M A R Y

Enthusiast Software Engineering graduate aspiring to make a meaningful impact within an organization. Eager to learn, contribute, and play a vital role in the field of software development. Passionate about leveraging my skills and enthusiasm to drive innovation and growth. A strong foundation in web development, specializing in frontend development using ReactJS aslo MERN Stack. Passionate, hardworking, and dedicated to delivering high-quality results. Seeking opportunities to contribute expertise and drive innovation in a dynamic work environment.

## S K I L L S

Soft:

- Strong problem-solving
- Empathy
- Collaboration
- Critical thinking
- Analytical skills
- Communication
- Adaptability
- Attention to detail

Technical:

- React JS, JavaScript (ES6+), HTML5, CSS3
- Git, GitHub
- Visual Studio Code
- MERN Stack

## W O R K   E X P E R I E N C E

### Web Development (MERN Stack)

PSEB Paid Internship (6months) at DigitsCom Technology ;

- *Frontend Development: learn HMTL, CSS, SCSS, JQuery, JavaScript, React, Tailwind CSS, Chakra UI.*
- *During the Internship i started learnign these languages from the Scratch to Projects Building.*
- *Also learn and practice in the MERN Stack MongoDB, Express, React JS, Node JS.*
- *Development Tools: Visual Studio Code, npm, etc.*
- *Version Control: Git*
- *Developed responsive web applications using HTML, CSS, JavaScript, ReactJS, and Chakra UI.*
- *Participated in code reviews, testing, and debugging activities.*

### Fina Year Project

Mobile Application for Android

Text Extractor

- *Developed and maintained software applications*
- *Conducted code reviews and provided feedback to improve code quality*
- *Developed and executed unit tests and performed system testing to ensure software quality*
- *Troubleshoot and resolved software defects and issues*

## I N T E R E S T

### Full-Stack Development Enthusiast:

- *Passionate about all aspects of web development, from frontend user interfaces to backend server logic. Eager to explore and master technologies.*
